

CHYULU LODGE FACT SHEET

WHY CHYULU LODGE?

On the boundary with Tsavo National Park, Chyulu Lodge enjoys a paradisiac setting next to a lush spring. Elephants and buffalos surround the camp, with hippos and many antelope species. Explore Tsavo and Amboseli with day excursions, immerse yourself in Maasai culture visiting the nearby community

DID YOU KNOW?

Chyulu Lodge is the first zero emissions and carbon negative lodge built in Africa. With 320 kWh of photovoltaic panels, the lodge uses induction kitchens and Electric Vehicles and is fossil fuel free. An afforestation program offset the carbon emissions for the internal flights.

CLIMATE AND CONSERVATION IMPACT

100% WATER RECYCLING

We collect all of our water from the rains & recycle all our water in a pond for wildlife

100% SOLAR ENERGY

All electricity and all hot water are provided through solar systems

100% CARBON NEUTRAL

We offset very limited emissions toward the UN REDD+ Chyulu Carbon Project

0% EMISSIONS

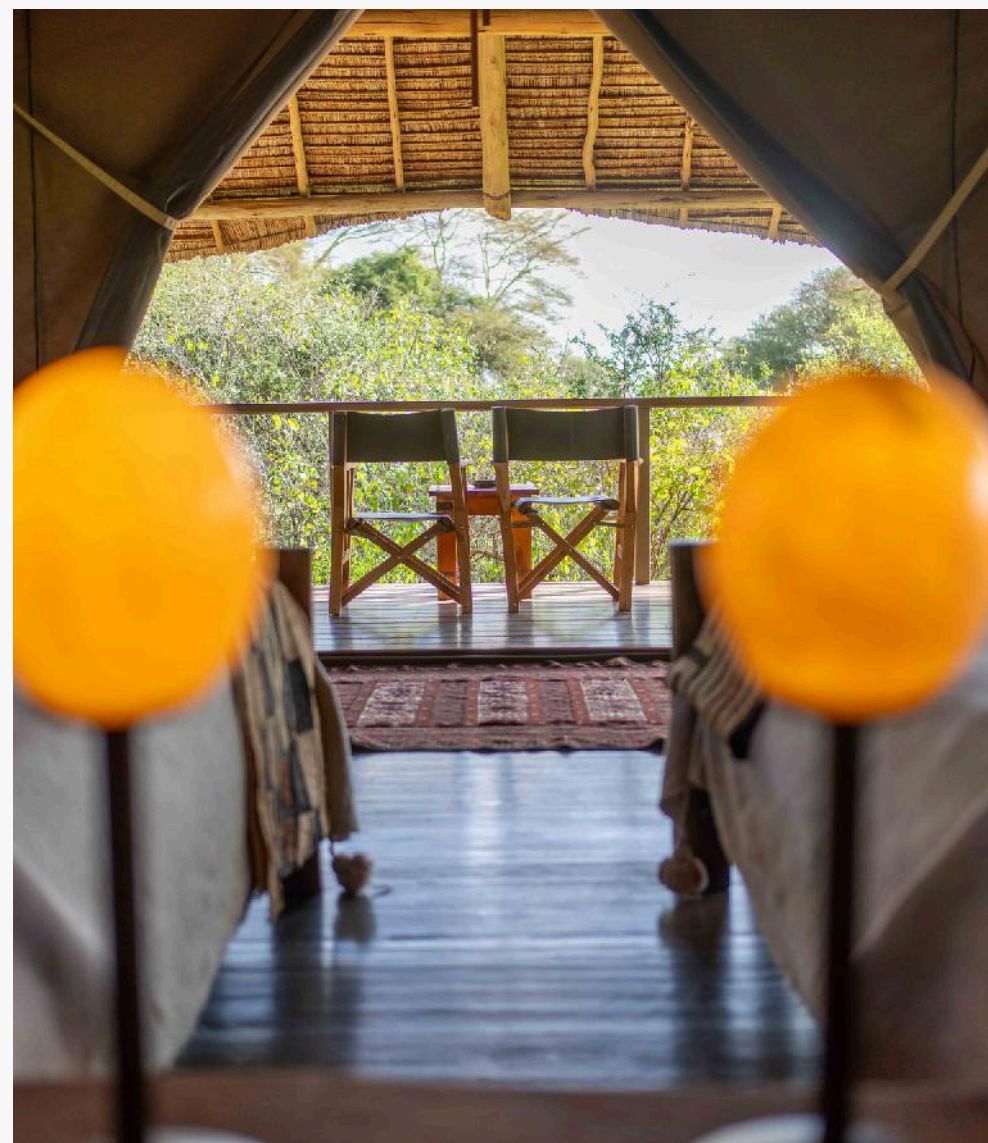

Induction kitchens and Electrical Vehicles (Rivian and Land Rovers)

ACCOMODATION

We can accommodate 12 guests in 3 luxury tented double cottages and 3 luxury tented twin cottages, all set on wooden platforms with thatched roofs and large en-suite bathrooms, indoor and outdoor showers, special ecofriendly flush toilet, shower.

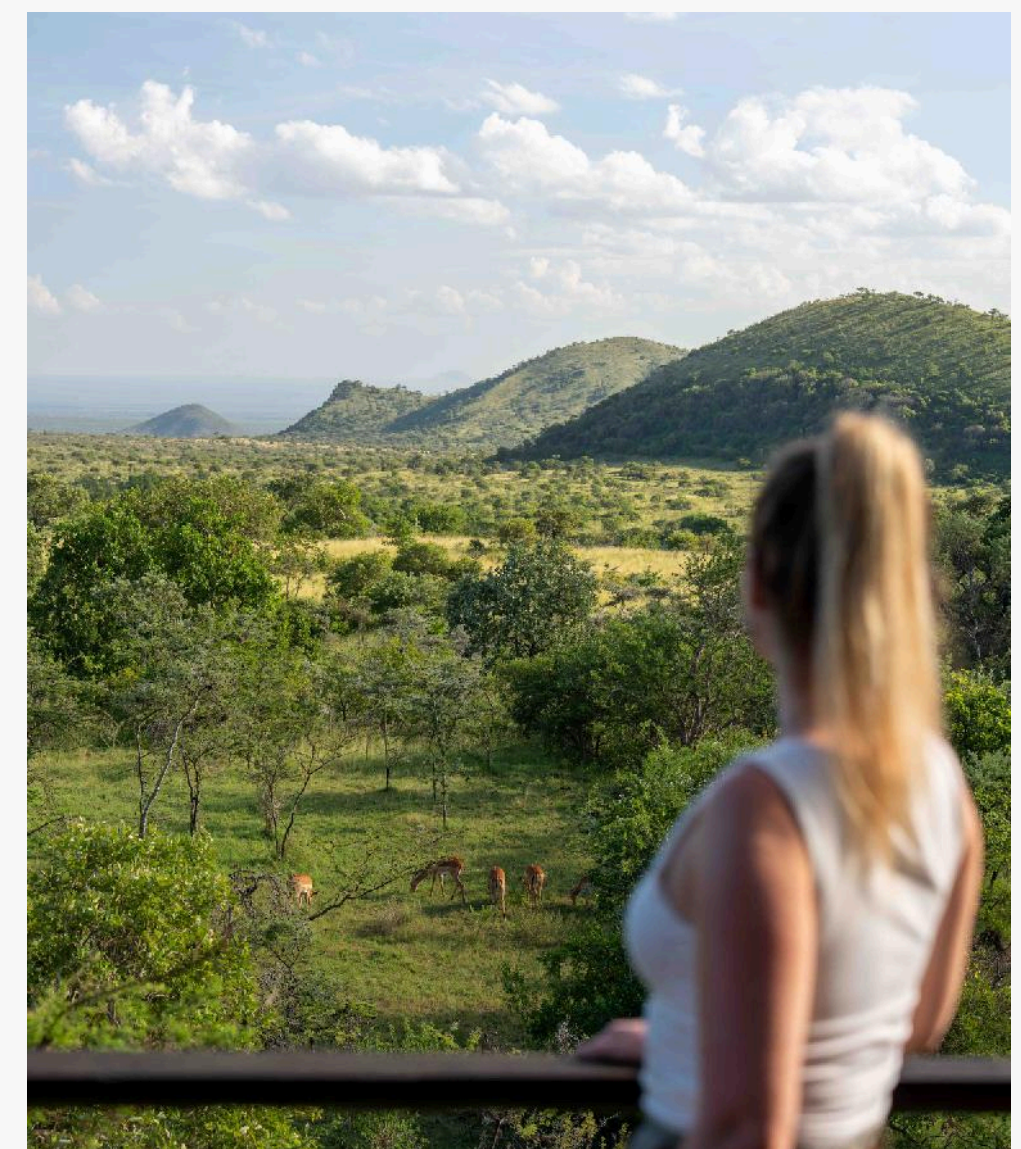

Bedding is of the finest Italian linen.

ACTIVITIES AND SAFARI

Chyulu Lodge and our sister lodge, Campi ya Kanzi, are the only ones in 400,000 acres Maasai wilderness. Guests will enjoy genuine African wilderness in exclusivity, away from the zoo safari experience of crowded National Parks. Included activities: game drives in EVs, game walks, forest walks, horse back riding. Maasai village visits. Excluded: massages, scenic flights, excursion to Tsavo National Park and Amboseli National Park.

ITINERARIES

We tailor activities to suit each guest's requirements. We recommend a 3 to 4 nights stay at Campi ya Kanzi and 2 to 3 nights stay at Chyulu Lodge to fully enjoy the ecosystem and explore the rich biodiversity of the area.

The connection with the local Maasai community is not just profound, but extremely genuine.

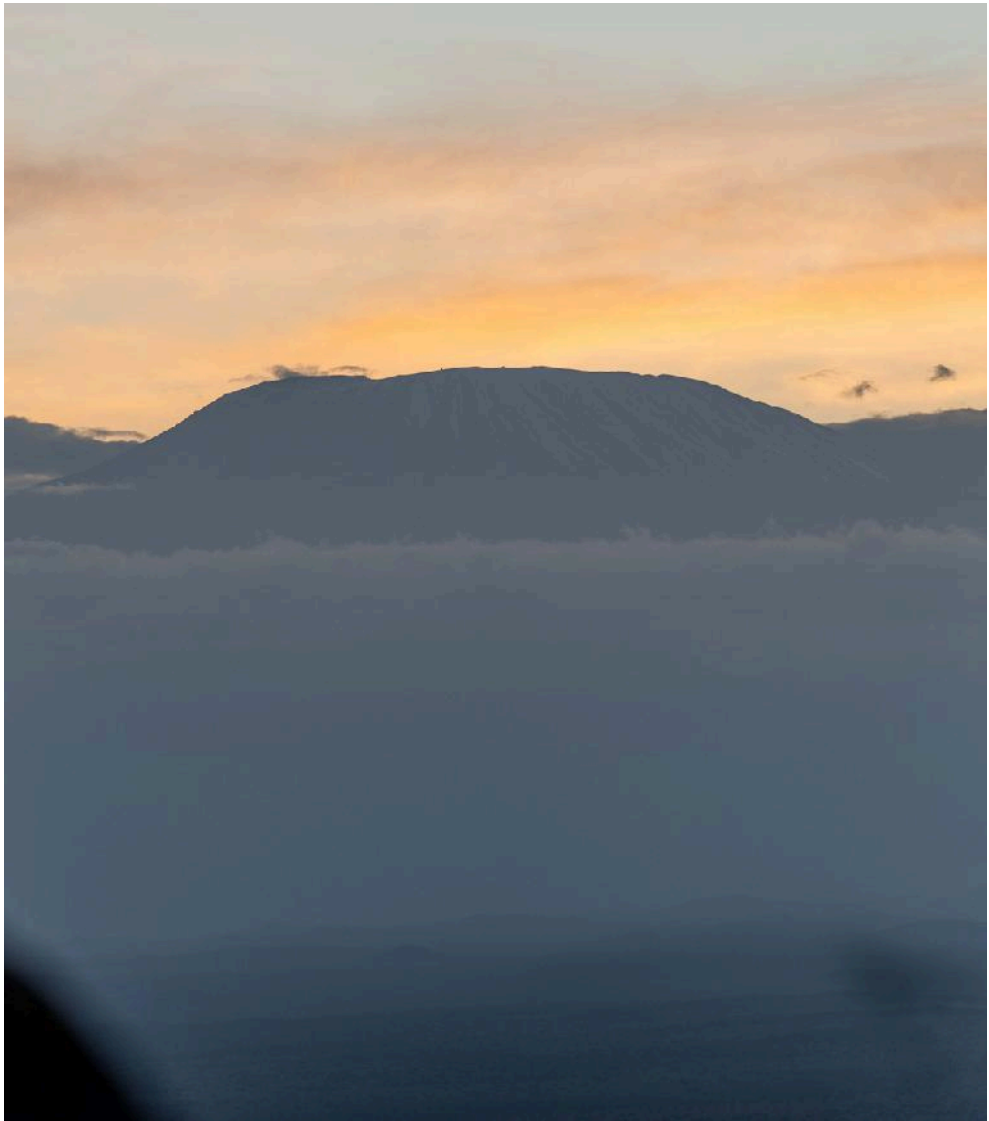

As the conservation fee per guest per day is paid to the Maasai Wilderness Conservation Trust, guests are seen as benefactors. Walking in the savannah, in the clouds forest, along the river, with a Maasai tracker is an unforgettable experience. Wildlife diversity is extremely rich and landscape beauty impressive. Tsavo, largest National Park in Kenya, is magnificent, and Amboseli, with elephants and flamingoes is iconic.

PERSONAL HOSTING

You will not be in a hotel, but in our homes in the bush. 'We' are Luca and Antonella (founders) and the Maasai (landlords of this paradise), and we will, collectively, be your hosts. All activities will be tailor-made to your desires, from classic game drives in many different habitats, to lovely game walks with your Maasai guide and tracker!

PRACTICAL INFORMATION

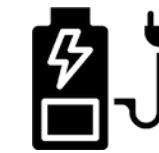

LOCATION

You will be in one of the most iconic places for a safari. Chyulu Lodge is just 30 miles away from 19,341 ft Kilimanjaro, resting on the foothills of the Chyulu Hills (Hemingway's Green Hills of Africa). Lions, elephants, buffaloes, giraffes and all types of antelopes populate the area. This is a place you do not want to miss on your safari!

CREDIT CARDS

American Express and Visa credit cards are all accepted.

ELECTRICITY

220v, the sockets are European
2 pins.

CLIMATE

Temperatures are very comfortable year-round, with daytime highs around 95F/35C and night time lows around 65F/17C. The coolest month is July, with January and February being the warmest. During and just after the short rains of November and April/May, the area is particularly beautiful, everything is green and Kilimanjaro is covered with snow. During this period the elephant population is at its peak.
